## Video Downloads Available from 2012 International Cranes Conference

*Dennis Bates, vice president - tower crane division, AmQuip, USA*

The second in a series of [exclusive videos of presentations](#) made at the 2012 International Tower Cranes Conference in Germany in October is now available for download. Held at the Kempinski Hotel Bristol in Berlin, the second International Tower Cranes conference tackled diverse industry issues with a large audience in attendance.

This second video in the series features the presentation by Dennis Bates, tower crane division vice president, AmQuip, USA. Bates discussed the prospects for the tower crane market in the USA and looked at trends in workload, regulation and rental rates. Highlights included tower crane activity by market sector, utilization trends and a forecast for the short-term versus the long term.

More than 150 industry professionals from around the world attended the one-day conference and networking event organized by International Cranes and Specialized Transport magazine, a KHL publication.

A new video from ITC 2012 will be added each week on [KHL.com's Videozone](#).
